Mammograms

The Medical Center of Arlington is providing mammograms for \$50 throughout December. You qualify for a screening mammogram if you are over 35 and currently have no breast problems.

Please call 817-472-4852 to schedule an appointment.

Income Tax Preparation

Tax season will soon be here! Please strongly encourage your client to take advantage of free income tax preparation from VITA or AARP volunteers. The tax preparers are certified by the IRS and trained to find as much help as possible for low and moderate income families. Using a commercial service is an unnecessary expense for struggling families. For a site near your client, check the United Way 211 web site at www.tarrantcounty211.org. Then discuss how the family will use the tax refund and EITC (Earned Income Tax Credit).

The staff and board of Family Pathfinders wish all our friends a Merry Christmas and a Happy New Year!

You are not here simply to make a living. You are here in order to enable the world to live more amply, with greater vision, with a finer spirit of hope and achievement. You are here to enrich the world, and you impoverish yourself if you forget the errand.

Woodrow Wilson

Mentoring December 2010

Hello Friends!

Our Christmas program is underway now, and it is always amazing to see the generosity of people in our community! Mentors and friends of Family Pathfinders open their hearts to provide mountains of wonderful gifts for our client families. We're grateful to all the angels who help make Christmas a joyous time for all our families.

Many Mentoring participants work hard to further their education and skills in pursuit of a sustaining career. We have clients working on GEDs, college degrees and vocational training. If your family is looking for career training, there are many wonderful programs available free of charge in Tarrant County. The Community Kitchen program is offered by the Tarrant Area Food Bank in conjunction with the Women's Center to provide training in commercial cooking. It is a culinary arts job training with life skills, job readiness and employment services. Tarrant County College offers CNC Machine Operator training, a skill with a great earning potential. If your client is interested in training, please contact the Family Pathfinders staff for more information.

Have a blessed and safe holiday season!

Blessings,
Peggy
